as the basic questions of social structure were elucidated there came a quickening of interest among social anthropologists in the study of religion chapters in this book include religion as a cultural system clifford geertz colour classification in ndembu religion victor w turner religion problems of definition and explanation melford e spiro fathers elders and ghosts in edo religion r e bradbury territorial groupings and religion among the iraqw edward h winter first published in 1966

chapters by expert contributors overview the most significant topics and trends in the anthropology of religion

this lively and readable survey introduces students to key areas of the field and shows how to apply an anthropological approach to the study of contemporary world religions written by an experienced teacher it covers all of the traditional topics of anthropology of religion including definitions and theories beliefs symbols and language and ritual and myth and combines analytic and conceptual discussion with up to date ethnography and theory elle includes copious examples from religions around the world both familiar and unfamiliar and two mini case studies in each chapter he also explores classic and contemporary anthropological contributions to important but often overlooked issues such as violence and fundamentalism morality secularization religion in america and new religious movements introducing anthropology of religion demonstrates that anthropology is both relevant and essential for understanding the world we inhabit today

this important textbook provides a critical introduction to the social anthropology of religion focusing on more recent classical ethnographies comprehensive free of scholastic jargon engaging and comparative in approach it covers all the major religious traditions that have been studied concretely by anthropologists shamanism buddhism islam hinduism christianity and its relation to african and melanesian religions and contemporary neopaganism eschewing a thematic approach and treating religion as a social institution and not simply as an ideology or symbolic system the book follows the dual heritage of social anthropology in combining an interpretative understanding and sociological analysis the book will appeal to all students of anthropology whether established scholars or initiates to the discipline as well as to students of the social sciences and religious studies and for all those interested in

comparative religion

this book describes how anthropologists in the twentieth century went about documenting the religions of those independent peoples who still lived beyond the frontiers of the global economy and the world religions it begins by examining the enormous popularity of the newly invented field of anthropology in the nineteenth century as a site of multiple intellectual developments its climax was frazer s golden bough which is a pillar of modernity second only to darwin s origin of species but its notion of religion was entirely speculative when anthropologists went to see for themselves they encountered formidable obstacles how to access a people s most profound understandings of the world and everything in it holding fast to the premise that ethnographers have no special powers of seeing inside other people s brains this book teaches students to proceed slowly a step at a time watching how people perform rituals great and small asking questions that seem stupid to their hosts and struggling to translate abstract terms in unrecorded languages using a handful of examples from different continents the book shows the potential of an anthropological approach to religion

anthropology of religion the basics is an accessible and engaging introductory text organized around key issues that all anthropologists of religion face this book uses a wide range of historical and ethnographic examples to address not only what is studied by anthropologists of religion but how such studies are approached it addresses questions such as how do human agents interact with gods and spirits what is the nature of doing religious ethnography can the immaterial be embodied in the body language and material objects what is the role of ritual time and place in religion why is charisma important for religious movements how do global processes interact with religions with international case studies from a range of religious traditions suggestions for further reading and inventive reflection boxes anthropology of religion the basics is an essential read for students approaching the subject for the first time

this introductory text combines discussion of the origin and development of ideas and debates within the anthropology of religion with a look at where the subject is going today provides students with a complete introduction to the anthropology of religion uses worldwide ethnographies to illustrate the theory includes extensive bibliographies and a list of films and videos that encourage students to explore the field further encourages students to see that

anthropology is not just about reading or doing fieldwork but offers an enriching way of looking at the world each chapter introduces the central theoretical ideas in the anthropology of religion and illustrates them with specific case studies such as witchcraft in cameroon shamanism in the arctic or women s initiation ceremonies links contemporary ideas and practices with the work of nineteenth and early twentieth century scholars

drawing from ethnographic examples found throughout the world this text covers what anthropologists know or think about religion how they have studied it and how they interpret or explain it a key text for students of upper division courses in the anthropological study of religion

this text traces the growth and development of two related disciplines anthropology and the study of religions locating these disciplines within the intellectual climate of the 19th century the study considers the contributions of scholars such as james george frazer f max muller emile durkheim mary douglas and clifford geertz within an historical framework the author argues that both anthropologists and students of religion have abandoned an objective approach in favour of personal engagement with their subjects replacing observation with conversation monologue with dialogue a text based with people based approach he reveals how each discipline has influenced the other both in terms of methodology and by the provision of data the book also explores the criticism levelled at both disciplines that they have aided colonial domination of the developing world

this text offers an alternative to the case driven approach that the sole use of a reader tends to foster it provides students with ways of conceptualizing what religion is what its social and psychological functions are the nature of religious symbolism and religious behaviour and the organizational structure of religions all the standard topics are covered e g ideology and symbolism ritual and ceremony organizational forms and social and psychological functions of religion as well as ones of more recent interest such as religion and gender the psychology of religion and pilgrimage extended narrative examples illustrate the theoretical and analytic discussions in the text expose students to a variety of different religions and provide real world examples of the concepts of each chapter an integrated student study guide self test materials at the end of each chapter allows students to evaluate their own mastery of each chapter determine what they need to review further and prepare for course tests the text is copiously illustrated with ethnographic examples from both western and

non western religions

brings together in one volume a number of key theoretical and methodological advances in the anthropological study of religion chapters cover important topics not ordinarily included in books dealing with the anthropology of religion e g bipedalism the study of alcohol film and video images notions of religious agency in addition this collection is intended to build bridges between anthropologists of religion and religious studies scholars over the last four decades anthropologists have grappled with the dialectical relationship between the examination of cultures from the emic or insider perspective and the etic or outsider perspective nowhere is this creative tension more evident than in the anthropological study of religion in this volume anthropologists and religious studies scholars come to terms not only with a landscape that has shifted fundamentally but a landscape that is still shifting essays in this collection raise new and important issues for the anthropological study of religion in new and important ways in intensely personal essays a number of contributors address two fundamental concerns in the study of religion 1 how should anthropologists deal with the beliefs and practices of others and 2 how should anthropologists deal with their own religious backgrounds and beliefs as these may affect their understanding of the beliefs and practices of others a partial resolution to both questions is necessary before the anthropological study of religion can advance to a higher level

examines religious practices from an anthropological perspective religions in practice 6 e offers an issues oriented perspective on everyday religious behaviors prayer sacrifice initiation healing etc by focusing on such topics as transnationalism gender and religious laws the text examines a full spectrum of religions from small scale societies to major established religions the in depth treatment of islam hinduism and christianity is particularly noteworthy and easily supplemented with field projects directly related to the text

anthropology of religion is a new title in routledge s critical concepts in religious studies series in four volumes it brings together canonical and the very best cutting edge scholarship

this concise and accessible textbook introduces students to the anthropological study of religion stein and stein examine religious expression from a cross cultural perspective and expose students to the varying complexity of world religions the chapters incorporate key theoretical concepts and a rich range of ethnographic material the fourth edition of the anthropology of religion magic and witchcraft offers increased coverage of new religious movements fundamentalism and religion and conflict violence fresh case study material with examples drawn from around the globe further resources via a comprehensive companion website this is an essential guide for students encountering anthropology of religion for the first time

a reader in the anthropology of religion is a collection of some of the most significant classic and contemporary writings on the anthropology of religion it includes both material whose theme is religion in a straightforward and obvious sense as well as material that has expanded how we might look at religion and the horizons of what we mean by religion linking it to broader questions of culture and politics

a comprehensive anthropological study of religion traces the history of the discipline discusses the archeological discoveries that have shed light on the development of religious consciousness and examines the various manifestations functions and changes of religious customs and beliefs

a companion to the anthropology of religion presents a collection of original ethnographically informed essays that explore the variety of beliefs practices and religious experiences in the contemporary world and asks how to think about religion as a subject of anthropological inquiry presents a collection of original ethnographically informed essays exploring the wide variety of beliefs practices and religious experiences in the contemporary world explores a broad range of topics including the perspectivism debate the rise of religious nationalism reflections on religion and new media religion and politics and ideas of self and gender in relation to religious belief includes examples drawn from different religious traditions and from several regions of the world features newly commissioned articles reflecting the most up to date research and critical thinking in the field written by an international team of leading scholars adds immeasurably to our understanding of the complex relationships between religion culture society and the individual in today s world

this clear and engaging guide introduces students to key areas of the field and shows how to apply an anthropological approach to the study of religion in the contemporary world written by an experienced teacher it covers major traditional topics including definitions theories and beliefs as well as symbols myth and ritual the book also explores important but often overlooked issues such as morality violence fundamentalism secularization and new religious movements the chapters all contain lively case studies of religions practiced around the world the second edition of introducing anthropology of religion contains updated theoretical discussion plus fresh ethnographic examples throughout in addition to a brand new chapter on vernacular religion eller provides a significantly revised chapter on the emerging anthropologies of christianity and islam the book features more material on contemporary societies as well as new coverage of topics such as pilgrimage and paganism images a glossary and questions for discussion are now included and additional resources are provided via a companion website

this concise and accessible textbook introduces students to the anthropological study of religion it examines religious expression from a cross cultural perspective and exposes students to the complexities of religion in small scale and complex societies the chapters incorporate key theoretical concepts and a wide range of ethnographic material the fifth edition of the anthropology of religion magic and witchcraft offers a revised introduction covering the foundations of the anthropology of religion anthropological methods and a push toward decolonizing the anthropology of religion expanded coverage of symbols healing wizardry and the intersections of religion with other social institutions new case study material with examples drawn from around the globe especially from indigenous communities marginalia in each chapter introducing provocative small case examples related to the chapter many of these can be used as prompts for further research small in class case studies or examples for hands on learning a new chapter on religion and healing especially useful for anthropology programs without representation of four fields as it provides a wider and more interdisciplinary application of the discipline a consistent review of foundations from chapter to chapter linking material and enabling students to connect what they are learning throughout the course and further resources via a comprehensive companion website including interactive activities critical case studies updated study questions bibliographical suggestions including video and color images this is an essential guide for students encountering the anthropology of religion for the first time and also for those with an
